

JR STUDIO DESIGN | CLIENT TESTIMONIALS

PAMELA ROUSSOS, PALO ALTO

“Working with Joel is a delight! His ability to harmoniously blend his creative eye and functional approach results in spaces in which you can live and work comfortably. Joel is also very good at understanding who the client is, listening to what they want and creating something individualistic that meets their needs and beats their expectations.”

SCOTT & SUSANNAH LEBUS – WISE, SAN FRANCISCO

“Every day, we return home and are embraced by peaceful surroundings, no matter what time of day. Every guest who visits compliments the paint colors that are both bold and calming at the same time. I enjoy the special design touches in each room that add visual surprise around the house. We valued your ability to decipher our individual style preferences and make recommendations that suited our combined tastes, and your commitment to quality design with quality work resulted in a distinctive home for us. Thank you!”

THOMAS L. BLOXHAM, LAFAYETTE

“Joel is so dedicated and responsible that these qualities alone would be sufficient to recommend him but he is so much more. Joel solves any design problem and renders a beautiful result every time. Do yourself a favor and consider Mr. Robare for your next design project.”

LANDON GATES, SAN FRANCISCO

“We have had the opportunity to work with JR Studio on multiple projects. The best part of working with JR Studio is his innovative use of materials. His designs, while sometimes challenging to build, are always unique. I have had several occasions where I wasn’t completely sure how it was all going to come together, but I’ve learned to trust that he has the complete vision. Everyone is always amazed and happy with the final result.”

KATHRYN & FRED GOLDMAN, SAN FRANCISCO

“JR Studio has guided us through our remodel with professional expertise and solid, thoughtful creativity. Throughout the construction process, he was very responsive to our questions and requests for assistance. Joel worked with us to come up with creative solutions to keep our project on track and within budget. We highly recommend the team at JR Studio for their creativity, attention to detail and customer focus.”

STEPHANIE BLOCK, PACIFIC HEIGHTS

“I highly, highly, highly recommend this hot, up-and-coming, the next It Man designer. IF you dare to be different—IF you want your house to feel like your home—If you want to have FUN while doing your house (what a concept!)—look no farther than Joel Robare.”
